## **Official Notifications by E-Mail and Text Message**

Dear Resident,

The City of Chowchilla Police Department has begun using a new service to access important, valuable community information when you need it, using the latest technology.

Our agency will create and publish messages through the Nixle Community Information Service. Nixle will then deliver this information to you instantly by cell phone text message and/or email. Notifications can also be accessed online at Nixle's website at [www.nixle.com](http://www.nixle.com).

The service is reliable and free to use. There is NO spam and no hidden costs: you receive messages as part of your text messaging plan. YOU decide what information you want and whether you want it sent to your cell phone, email, or just simply over the web.

You may register now at the company's main web site: [www.nixle.com](http://www.nixle.com). There you can also access frequently asked questions.

New communication forms continue to evolve and we believe this service will allow us to keep you informed in a very convenient and timely way.

Thank you,

Chief Jay Varney
