BUSINESS

The City of Chowchilla

The City of Chowchilla provides various financial services to businesses located within the City limits.

The City of Chowchilla administers funds that provide low interest loans in “gap” financing situations. The program is funded primarily by the State Community Development Block Grant (CDBG) Program. Funding from the program can be used for working capital, inventory purchase, acquisition of machinery and equipment, etc.

The City of Chowchilla works with local banks and the Small Business Administration (SBA) to produce joint financial packages to develop and stimulate business growth in the community.
