Basic Common Sense Tips to Help Deter Burglars:

Light up your residence, **lock** your doors at all times, and call the **Police** when you see something suspicious.

- Make your home look occupied and make it difficult to break in.
- Lock all outside doors and windows before you leave the house or go to bed. Even if it is for a short time, lock your doors.
- Leave lights on when you go out. If you are going to be away for a length of time, connect some lamps to automatic timers to turn them on in the evening and off during the day.
- Keep your garage door closed and locked.
- Don't allow daily deliveries of mail, newspapers or fliers to build up while you are away. Arrange with the post office to hold your mail or arrange for a friend or neighbor to pick them up regularly.
- Arrange for your lawn to be mowed if you are going away for an extended time.
- Check your locks on doors and windows and replace them with secure devices as necessary.
- Pushbutton locks on doorknobs are easy for burglars to open. Install deadbolt locks on all your outside doors.
- Sliding glass doors are vulnerable. Special locks are available for better security.
- Other windows may need better locks. Check with a locksmith or hardware store for alternatives.

Don't Tempt a Thief:

- Lawn mowers, barbecues and bicycles are best stored out of sight.
- Always lock your garden sheds and garages.
- Use curtains on garage and basement windows.
- Never leave notes on your door such as "gone shopping."

Locks...Get the Best:

- No lock, regardless of its quality, can be truly effective. Key-in dead bolt locks provide minimum security. Ask a locksmith for advice on your situation.
- Change locks immediately if your keys are lost or stolen.
- When moving into a new home, have all locks changed.

Targeting the Outside:

- Have adequate exterior lighting. A motion-sensitive light is recommended for backyards.
- Trim trees and shrubs so they cannot be used as hiding places for intruders.
- Make sure your door hinges are on the inside.

Windows:

- Most windows can be pinned for security.
- Drill a 3/16" hole on a slight downward slant through the inside window frame and halfway into the outside frame - place a nail in the hole to secure the window.

Alarms:

- An alarm system is excellent for home security. It provides peace of mind to homeowners, especially while on vacation. There is a wide variety of alarm systems on the market.
- Make several inquiries to different companies for the best security system available to you.
- **If you have a home alarm system, use it!** *Activate your alarm system* — Alarm systems are only useful when you remember to activate them.
- Many individuals have alarm systems but do not arm them because it is inconvenient. Many burglars know this and will not be deterred by a window sticker or sign indicating that the home has an alarm system.
- ***Please notify the Police Department immediately with emergency contact information if you have an alarm installed.***
- ***Notify Police immediately if you have a false alarm to avoid being billed for the response.***

If Your Home is Broken Into:

If you come home to find an unexplained open/broken window or door:

- Do not enter - the perpetrator may still be inside.
- Use a neighbor's phone to call police.
- Do not touch anything or clean up until the police have inspected for evidence.
- Write down the license plate numbers of any suspicious vehicles.
- Note the descriptions of any suspicious persons.

Other Precautions You Should Take:

- Never leave keys under doormats, flowerpots, mailboxes or other “secret” hiding places -- burglars know where to look for hidden keys.
- Keep a detailed inventory of your valuable possessions, including a description of the items, date of purchase and original value, and serial numbers, and keep a copy in a safe place away from home — this is a good precaution in case of fires or other disasters. Make a photographic or video record of valuable objects, heirlooms and antiques. Your insurance company can provide assistance in making and keeping your inventory.
- Trim the shrubbery around your home to reduce cover for burglars.
- Be a good neighbor. If you notice anything suspicious in your neighborhood, call 9-1-1 immediately.
- Mark your valuables with your driver's license number with an engraver you can borrow from your precinct. Marked items are harder for a burglar to dispose of and easier for police to recover.
- Form a Neighborhood Watch Group. We can help you work with your neighbors to improve security and reduce risk of burglary.
- Consider installing a burglar alarm system.

CAR BURGLARIES:

Tips on How to Avoid Car Break-ins:

- Do not leave valuables in plain view:
(GPS device, lap top, PDA, cell phone, MP3, wallet, purse)
- Do not leave windows or sunroof open.
- Do not leave doors unlocked.
- Do not leave keys in the vehicle.
- Do not leave the garage door opener in plain view.
- Do not leave out items with personal information.
- Do not move valuable items to the trunk while in public view.
- Slow down and use common sense before you leave your car.

Sgt Riviere said “The **MOST** important thing **YOU** can do is **CALL THE POLICE** to report a **CRIME** or any **SUSPICIOUS** activity. You have to be the eyes of your neighborhood.....and remember, you can always remain anonymous.”
